PROJECTS

EMPLOYEE PORTAL || JAVASCRIPT, ANGULAR.JS, NODE.JS, MONGODB

DEC 2023

- I successfully designed and implemented a comprehensive employee portal platform utilizing the MEAN stack, encompassing Angular for the frontend, Node.js for the backend, MongoDB for data storage, CSS and HTML for modern responsive UI.

- I developed a comprehensive web application featuring both an admin and user interface, where administrators have the capability to manage user accounts and employee listings efficiently, ensuring streamlined user management and product administration processes.

- Designed and implemented an intuitive and responsive user interface using Angular.js and CSS, ensuring a seamless user experience across various devices

- Integrated secure Login authentication using the Google authentication gateway, providing users with a convenient and trustworthy login experience.

ONLINE SHOPPING E- COMMERCE || JAVASCRIPT, REACT.JS,NODE.JS, MONGODB

Dec 2023

- Developed a full-stack eCommerce platform using the MERN stack, including React, Node.js,MongoDB, Redux, and Tailwind CSS.

- Utilized various payment gateways, such as Twilio, Razorpay, and PayPal, to enhance the user checkout experience.

- Designed and implemented a user friendly and responsive user interface using React.js and CSS, ensuring a non stop user experience across various devices and screen sizes

PROJECT FARE ONLINE-STORE || JAVASCRIPT, NODE.JS, MONGODB,REACT.JS,POSTMAN

Dec 2023

- Developed a full-stack, Project Fare platform using the MERN stack, including React, Node.js,MongoDB, Redux, and Tailwind CSS.

- It is an online store where small and entery level projects are sold to students at a reasonable rate.

- Designed and implemented a user friendly and responsive user interface using React.js and CSS, ensuring a non stop user experience across various devices and screen sizes.

- Hosted the project on Firebase with Vercel for optimal performanceand scalability.

TECHNICAL SKILLS

DEVELOPMENT

- Node.JS   • React.JS
- Express.JS • Redux
- Angular.JS

DATABASES

- MongoDB

PROGRAMING LANGUAGE

- javascript

TOOLS/PLATFORMS

- Git • GitHub • Figma • Photoshop

EDUCATION

LUMINAR TECHNOLAB
ME(A)RN STACK
JUN 2023 - DEC 2023

CAS NATTIKA
BACHELOR'S IN ELECTRONICS
JUN 2018 - MAR 2021

LANGUAGES

- English - Proficient
- Hindi - Proficient
- Malayalam - Native

EXPERIENCE

Jucie.e & Bakery

- To manage and run a bakery
- To establish new products and maintain good customer relationship
- Check and maintain the stocks and to keep a daily ledger
